

BINKERT takes over tools division of SMI

Dear customers and partners

We are pleased to inform you that we will take over the entire tool division of Schweiz. Maschinen Import (SMI) in Pfäffikon as of August 1, 2019. We are very pleased that all employees of the SMI Tools division have agreed to open a new chapter in our company history with us. In addition, we can inform you that all supplier partners have agreed to the takeover and that we will be able to supply you with the same products from our company in the future.

As of August 1, 2019, you can still reach all SMI employees at the previous telephone numbers and e-mail addresses. We are currently planning to relocate all workplaces and the entire warehouse between the middle and end of August 2019. As soon as the planning for the move has been completed, we will inform you about the dates and the new contact details.

The relocation of the SMI Tools division is a big challenge and will put a great strain on the entire team. We ask for your understanding that we will probably not be able to deliver goods within 2 working days. We are anxious to carry out the move for you with as few restrictions as possible. Unfortunately, it will take some time until all products will be available on our webshop at www.binkertag.ch as well. Work on this has already begun.

We would be pleased if you would look forward to this change just as positively as our new employees and new supplier partners. If you have any questions, please do not hesitate to contact us.

Kind regards

Josef Binkert AG

Alexander Fross
Chief Executive Officer

Andreas Hinnen
Tools Director
